

E mail Buddy Scheme

S.E.E.D recognise that many sufferers feel isolated and most vulnerable when they are not receiving treatment or facing lengthy waiting lists, or feel that there is no continuity in services.

The role of the

e mail buddy is to offer emotional support, dispel any feeling of isolation and offer warmth and empathy in an attempt to support

sufferers through this difficult time.

This service is offered to people over the age of 16 years of age.

An E mail Buddy will have basic knowledge of counselling but more importantly an excellent understanding of the needs of a person suffering from an eating disorder.
